

DAWNING OF A RAY OF HOPE

THE INDEPENDENT ON SATURDAY NOVEMBER 20, 1999 Letter to the Editor from Ms. Susan Edwards (Kloof)

On behalf of all women in South Africa, I wish to congratulate Mr. Sayed-Iqbal Mohamed for his profound, brave and compassionate article, Men are not the chosen ones in your opinion column of November 13.

What a relief, at last, to read words of such wisdom and erudition from a man with a great depth of human understanding. While not a Muslim, I take his message as embracing all men of different races and creeds.

Most importantly, I pray that you, Sayed-Iqbal Mohamed, will make your understanding filter throughout ANC policy and Government. A ray of hope is dawning.
